“ *The funeral service for Aileen was one of the most beautiful I've ever attended. The music was beautiful. I understand Aileen picked it out and I received a blessing from each song. Death is never easy for the onces left behind, but we all know that Aileen is with God and watching us deal with our daily struggles. My love goes out to all the family and especially to Rayburn and my great nieces. I pray for peace and contentment for each of you. Love you! Donnie*
