*This made me cry Tiff. I've been struggling with this. Absolute disbelief and my mind won't let me accept it. I'm just devastated. I can't believe this. My heart is broken like never before. Vicki's passing crushed me, and there hasn't been a single day where I haven't carried that weight. I have no words for how this makes me feel. I love you Tiffie Bug.*

“ *I've been trying to find the right words to say, and struggling with this tragic news. I couldn't look at Jordan and not see Vicki. I will never forget having to tell him and Tori about her passing. I could have never imagined feeling that pain again in our family. Jordan, you were so full of life and lit up every room you walked in. I remember you attempting to shave your legs while we were on that cruise, but the razor was dull after only getting half of one done, so you were on the beach in Jamaica with one hairy leg and one half-shaved other one. I still laugh about that. Granny wasn't too happy with you but I thought it was hilarious. You were too young for this. The ONLY comfort I can find is in knowing you and your mama are up there laughing and cutting up. I love you so much, and you will deeply missed. I just can't believe I'm having to write this for you. Y'all save me a spot. Much love handsome....*
